WHAT TOOK YOU SO LONG TO REVIEW THIS MOVIE, LITTLE MISS CINEPHILE???????? Well, simply put, my nearest cinema doesn't exactly have their ducks in a row. love to see the rest, but nope! Too artsy-fartsy for my local cinema! With that Kramer and stuff, *Into the Woods* is crap. On the bright side, I now have two movies to look out for. Clearly a multi-talented man, no? Since there are only a few, let me list the negatives: If you have a short attention span, steer clear, this movie is a hair under three hours. I didn't either until a character sang *We're All in This Together*. Turner J hann J hannson for *The Theory of Everything* Carly Says: Only movies I saw were *The Grand Budapest Hotel* and *Interstellar*. Lee Ermey in *Full Metal Jacket* look like a thumb-sucking wimp. Woo!!! Best Actress in a Leading Role Marion Cotillard for *Two Days, One Night* Felicity Watching *School of Rock* many times in middle and high school, I never thought Linklater would have something of this magnitude up his sleeve.
