I don t know if I should even bother reviewing Boyhood.

Jones for The Theory of Everything Julianne Moore for Still Alice Rosamund Pike for Gone

I am a little upset about Ava DuVernay being snubbed, but I don t want to get into politics/race/gender/all that fun stuff here.

Even if I couldn t relate to all of Mason s trials and tribulations, I still connected to the film on some levels.

There are moments where the story appears to lose steam, and I was not satisfied with the ending at all.

If anything, her performance in 2004 s A Series of Unfortunate Events was far superior.

Tr s magnifique! Best Actor in a Supporting Role Robert Duvall for The Judge Ethan Hawke for Boyhood

Edward Norton for Birdman Mark Ruffalo for Foxcatcher J.K.

At least, it appears that way.

They did not show Boyhood at all, and it took them FOR-FREAKING-EVER to get Birdman, but they showed

fecal matter like The Identical, Left Behind, and Kirk Cameron s Saving Christmas as soon as they came out.

said, I bet on three of them: Boyhood, Birdman, and The Grand Budapest Hotel.
