I didn't either until a character sang *We're All in This Together*.

On the bright side, I now have two movies to look out for.

Lee Ermey in *Full Metal Jacket* look like a thumb-sucking wimp.

love to see the rest, but nope! Too artsy-fartsy for my local cinema! With that

WHAT TOOK YOU SO LONG TO REVIEW THIS MOVIE, LITTLE MISS CINEPHILE????????? Well, simply put, my nearest cinema doesn't exactly have their ducks in a row.

Two of my favorite films of the year, *Birdman* and *The Grand Budapest Hotel*, lead the pack with 9 nominations each.

Kramer and stuff, *Into the Woods* is crap.

Anyway, this will go to Richard Linklater, no contest.

Clearly a multi-talented man, no? Since there are only a few, let me list the negatives: If you have a short attention span, steer clear, this movie is a hair under three hours.

At least, it appears that way.
