There are moments where the story appears to lose steam, and I was not satisfied with the ending at all.

Jones for *The Theory of Everything* Julianne Moore for *Still Alice* Rosamund Pike for *Gone*

If anything, her performance in 2004 s *A Series of Unfortunate Events* was far superior.

I don t know if I should even bother reviewing *Boyhood*.

They did not show *Boyhood* at all, and it took them FOR-FREAKING-EVER to get *Birdman*, but they showed fecal matter like *The Identical*, *Left Behind*, and Kirk Cameron s *Saving Christmas* as soon as they came out.

I am a little upset about Ava DuVernay being snubbed, but I don t want to get into politics/race/gender/all that fun stuff here.

said, I bet on three of them: *Boyhood*, *Birdman*, and *The Grand Budapest Hotel*.

Even if I couldn t relate to all of Mason s trials and tribulations, I still connected to the film on some levels.

Both of them look beautiful! Of the nominees, I ve only seen *Big Hero 6* and *How to Train Your Dragon 2*.

This classic moment in SNL history? Speaking of memories, the soundtrack alone was enough to make me reminisce on my own childhood/adolescence.
