Tr s magnifique! Best Actor in a Supporting Role Robert Duvall for The Judge Ethan Hawke for Boyhood Edward Norton for Birdman Mark Ruffalo for Foxcatcher J.K.

At least, it appears that way.

Even if I couldn t relate to all of Mason s trials and tribulations, I still connected to the film on some levels. Anyway, this will go to Richard Linklater, no contest.

I am a little upset about Ava DuVernay being snubbed, but I don t want to get into politics/race/gender/all that fun stuff here.

Two of my favorite films of the year, Birdman and The Grand Budapest Hotel, lead the pack with 9 nominations each.

I don t know if I should even bother reviewing Boyhood.

Jones for The Theory of Everything Julianne Moore for Still Alice Rosamund Pike for Gone

Lee Ermey in Full Metal Jacket look like a thumb-sucking wimp.

I didn t either until a character sang We re All in This Together .
