Best Animated Feature Big Hero 6 The Boxtrolls How to Train Your Dragon 2 Song

Patricia Arquette is easily the best actress in the whole film (and Oscar shoo-in!!) as a single mother who bends over backwards for her children.

Boyhood follows with 6.

Simmons for Whiplash Carly Says: Huh, I m surprised they included Robert Duvall, because The Judge got some pretty meh reviews this summer.

I know what it feels like to be alienated from your peers, and to want more out of life than just silly things, and Boyhood spoke to me and said It s okay, it s all part of being human.

This classic moment in SNL history? Speaking of memories, the soundtrack alone was enough to make me reminisce on my own childhood/adolescence.

I will say we do need more women and other races behind the camera, and that s that, but the Oscars shouldn t be a zero-sum game about race relations and political things.

Both of them look beautiful! Of the nominees, I ve only seen Big Hero 6 and How to Train Your Dragon 2.
