There are moments where the story appears to lose steam, and I was not satisfied with the ending at all. If anything, her performance in 2004 s A Series of Unfortunate Events was far superior. Jones for The Theory of Everything Julianne Moore for Still Alice Rosamund Pike for Gone They did not show Boyhood at all, and it took them FOR-FREAKING-EVER to get Birdman, but they showed fecal matter like The Identical, Left Behind, and Kirk Cameron s Saving Christmas as soon as they came out. I don t know if I should even bother reviewing Boyhood. said, I bet on three of them: Boyhood, Birdman, and The Grand Budapest Hotel. Both of them look beautiful! Of the nominees, I ve only seen Big Hero 6 and How to Train Your Dragon 2. I am a little upset about Ava DuVernay being snubbed, but I don t want to get into politics/race/gender/all that fun stuff here. Even if I couldn t relate to all of Mason s trials and tribulations, I still connected to the film on some levels. This classic moment in SNL history? Speaking of memories, the soundtrack alone was enough to make me reminisce on my own childhood/adolescence.
