Two of my favorite films of the year, Birdman and The Grand Budapest Hotel, lead the pack with 9 nominations each.

Anyway, this will go to Richard Linklater, no contest.

At least, it appears that way.

Lee Ermey in Full Metal Jacket look like a thumb-sucking wimp.

Tr s magnifique! Best Actor in a Supporting Role Robert Duvall for The Judge Ethan Hawke for Boyhood

Edward Norton for Birdman Mark Ruffalo for Foxcatcher J.K.

I didn t either until a character sang We re All in This Together .

On the bright side, I now have two movies to look out for.

Even if I couldn t relate to all of Mason s trials and tribulations, I still connected to the film on some levels.

love to see the rest, but nope! Too artsy-fartsy for my local cinema! With that

I am a little upset about Ava DuVernay being snubbed, but I don t want to get into politics/race/gender/all that fun stuff here.
