Girl, and while she rocked the house, she still probably not going to win.

The premise is simple, Mason (Ellar Coltrane) grows up and comes of age and all that stuff, but instead of just having different actors, it uses the same cast over the course of twelve years, and Mason literally grows up before our eyes.

Aside from complaints that it only focuses on a stereotypical white family (which I understand in this diversity-heavy day and age), not everyone will relate to the film.

Arquette won the GG for Boyhood, and I m gonna watch it today so my opinion can actually count for sump n. But it is what it is.

It astounds me how Richard Linklater managed to keep this such a secret all those years, and how he directed School of Rock, A Scanner Darkly, and two Before movies simultaneously.

Keaton is also the only person not nominated for playing a real person, living or dead, and I think the Oscars need to reward original characters.

It should have been called How to Train Your Dragon (If You Didn t Get it Right the First Time).

My money is on either Edward Norton or J.K.
