We itching be cognisance-compensated whether you move ahead in move in push smooth anew.

I am a little upset about Ava DuVernay being snubbed, but I don't want to get into politics/race/gender/all that fun stuff here.

Even if I couldn't relate to all of Mason's trials and tribulations, I still connected to the film on some levels.

I don't know if I should even bother reviewing *Boyhood*.

Jones for *The Theory of Everything* Julianne Moore for *Still Alice* Rosamund Pike for *Gone*

Tr's magnifique! Best Actor in a Supporting Role Robert Duvall for *The Judge* Ethan Hawke for *Boyhood*

Edward Norton for *Birdman* Mark Ruffalo for *Foxcatcher* J.K.

At least, it appears that way.

There are moments where the story appears to lose steam, and I was not satisfied with the ending at all.

If anything, her performance in 2004's *A Series of Unfortunate Events* was far superior.

Anyway, this will go to Richard Linklater, no contest.

Two of my favorite films of the year, *Birdman* and *The Grand Budapest Hotel*, lead the pack with 9 nominations each.
