WHAT TOOK YOU SO LONG TO REVIEW THIS MOVIE, LITTLE MISS CINEPHILE????????? Well, simply put, my nearest cinema doesn't exactly have their ducks in a row. I love to see the rest, but nope! Too artsy-fartsy for my local cinema! With that on the bright side, I now have two movies to look out for. Kramer and stuff, Into the Woods is crap. Clearly a multi-talented man, no? Since there are only a few, let me list the negatives: If you have a short attention span, steer clear, this movie is a hair under three hours. I didn't either until a character sang We're All in This Together. Lee Ermey in Full Metal Jacket looks like a thumb-sucking wimp. Turner Johansson for The Theory of Everything Carly Says: Only movies I saw were The Grand Budapest Hotel and Interstellar. Woo!!! Best Actress in a Leading Role Marion Cotillard for Two Days, One Night Felicity. Watching School of Rock many times in middle and high school, I never thought Linklater would have something of this magnitude up his sleeve.
